

Reporting A Scam – Who to Contact

All scams (and possible scams) should be reported to **netsafe.org.nz**. They will advise what to do next. If it's a banking scam, they recommend reporting it to your bank. I tend forward the email so they have as much info as possible.

Here's a list of contacts. Let me know if there's any others you'd like to have. 😊
(Information correct as at 2.8.2017).
